Staff Recommendation: Staff recommends **LEVEL 2** protection for this peak/ridge. The feature is a part of a series of hills with neighborhood significance only, and is not prominent when evaluated at the community level. The topographic map shows this proposed protected area is a small outcropping of rocks. It is visible from Sweetwater Drive, a scenic route. However, the scenic route status ends at this intersection with Blue Bonnet Road. The land form encompasses a small portion of one large parcel.

Commission recommendation: The Commission Recommended **LEVEL 2 PROTECTION**.
