8. Should the county consider acquiring the property if the protected area may create an unbuildable lot? **Unlikely.**

Staff Recommendation: Staff recommends **LEVEL 2** protection for this peak/ridge. This feature is only elevated terrain, a local hill within a lot split area. The "silhouette" is not viewable from a scenic route, and this feature is a neighborhood hill that does not merit a Level 1 protected peak designation. The protected area would not likely impact access and development within the affected lots.

Commission Recommendation: The Commission recommended **LEVEL 2 PROTECTION.**
